Every day, families are faced with the difficult task of saying goodbye to loved ones.

the need for final expense

Funerals are one of the most expensive purchases many people will ever make. A traditional funeral, including a casket and vault, can cost about \$6,000, and the additional expense of flowers, limousines, and obituary notices can add thousands of dollars to the total cost. Many funerals can run well over \$10,000.

Additional Information

Non-smoker Classification

A non-smoker is defined as a person who has not smoked cigarettes for at least 12 months prior to the completion date of the application. Smokeless tobacco, cigar, and pipe smoking qualify as non-smoker.

Policy Loans

Policy loans may be available. If available, the loan interest will be charged, in advance, at a fixed rate of 7.4% per year, compounded annually. This is equivalent to an effective annual rate of 8.0%, when payable in arrears. Policy loans will impact policy performance. When policy loans and interest on the loans are greater than the policy's cash value, the policy will terminate.

Non-Forfeiture Options

After the policy has a cash value, and if any premium remains unpaid after the grace period, the nonforfeiture options available for Ultra Protector I, Ultra Protector II, and Ultra Protector III are reduced paid-up insurance and cash surrender. The automatic option will be reduced paid-up insurance.

Riders & Additional Benefits

Accelerated Benefit for Terminal Illness

Rider Series 2146

For Ultra Protector I, an Accelerated Benefit Payment Rider is included at no additional cost.

With this benefit, if the insured is diagnosed with a qualified, terminal illness that results in a life expectancy of 12 months or less, Americo will advance up to 50% of the death benefit payable under the policy. The available benefit will be reduced by the amount of any outstanding policy loans, and will not exceed \$15,000. The minimum accelerated benefit is \$1,000.

There is no premium for this rider. At the time your client receives the accelerated benefit payment, an administrative fee of up to \$250 will be assessed against the policy, and a lien in the amount of the accelerated benefit payment, and the administrative fee, will be imposed on the policy. Only one acceleration per policy is permitted. The company will charge interest on the policy lien.

Please refer to the Disclosure Statement for the Accelerated Benefit Payment Rider for details regarding the effect of the accelerated benefit payment on the policy. Please ensure the proposed insured and owner acknowledge receipt of the Disclosure Statement.

Accidental Death Provision

For Ultra Protector II and III, an accidental death benefit provision is included at no additional cost.

With this benefit, if death occurs as the result of an accident during the graded death benefit period, the full death benefit is payable.

Children's Term Rider

Rider Series 2147

For Ultra Protector I, a Children's Term Rider is available through the insured's age 60.

This rider provides level term life insurance on any natural or legally adopted child, stepchild, or dependent grandchild of the insured named in the application, provided the child is 16 years of age or younger on the date of application. After the date of application, the rider will include any child born to the insured or legally adopted by the insured, provided the child is 16 years of age or younger at the time of adoption. No child will be insured before he/she is 15 days old.

The Children's Term Rider is issued in units of \$1,000 of level term life insurance. The maximum amount is equal to the lesser of (a) the face amount of the policy to which the rider is attached or (b) \$5,000. The Children's Term Rider costs \$11 per \$1,000 annually.

Coverage on each child terminates on the child's 23rd birthday, or the coverage anniversary nearest the insured's 65th birthday, whichever comes first. If the insured dies while this rider is in force, the level term life insurance on each child becomes fully paid-up term insurance.

Conversion to a new policy is available on the child's 23rd birthday, or the coverage anniversary nearest the insured's 65th birthday, whichever comes first.

Conversion to a permanent policy of insurance is permitted for up to four times the amount of coverage in force on the child. The coverage may be converted to a policy offered by Americo at the time of conversion, and will not require evidence of insurability.

Some riders are optional and available at an additional cost.

Underwriting Flow Chart

Underwriting Frequently Asked Questions

Why would my client check the box in Section 4 to accept any coverage?

By checking this box, your client acknowledges that Amerigo may issue another Ultra Protector product for which he or she qualifies.

- ▶ The policy will be issued at the maximum face amount available for the selected premium. Be sure to check “solve for face amount” in order to keep the premium at the same amount as originally quoted.
- ▶ If a policy is issued other than the one applied for, an amendment will be required.

Ultra Protector I Ultra Protector II Ultra Protector III

Check here to acknowledge that the insurance the applicant qualifies for may have a graded death benefit for the first two (2) or three (3) years, a face amount less than any indicated on this application, and riders may not be available. All premiums will be applied toward the insurance for which the applicant qualifies. Amerigo Financial Life may issue a policy other than that applied for, except that no change in amount, classification, plan of insurance, or benefits shall be effective unless agreed to in writing by the applicant.

Why would my client check the box for “Automatic Premium Loan”?

If this box is checked, an automatic premium loan will be available to your client. An automatic premium loan means that if at the end of the grace period the premium due has not been paid, a policy loan will automatically be made from the policy’s cash value to pay the premium. The primary purpose is to prevent unintentional lapse of the policy.

If this box is not selected, the cash value will not be used to pay premiums.

What is “MIB”?

“MIB” is an acronym for the Medical Information Bureau. This is a database that houses medical information supplied by insurance companies with permission from proposed insureds.

What is a “PHI”?

“PHI” is an acronym for Personal Health Interview. Ultra Protector applications are selected at random to undergo a PHI. An Amerigo associate will call the client in order to reconfirm health questions asked during the application. No additional questions are asked during this interview.

What is Prescription Drug Check?

Information gathered from prescription drug databases is frequently used by insurance companies to assist in evaluating risk and streamline underwriting processes.

When is the Accelerated Benefit Payment Disclosure form needed?

This form is only needed when your client applies for Ultra Protector I .

What should my client include in Section 7 (Health Question Details)?

This section is provided for your client to explain any further details for any “yes” answers in the health question sections, or if your client wants to provide more detail. The more detailed information provided, the easier it is to underwrite the application.

How do I submit applications?

Submit new business applications by faxing the applications with the Faxed Application Transmittal Form (#AFSFAX2002) to 800.395.9261. A maximum of eight applications may be sent per transmittal form. Please retain the original application(s) for your files - do not mail.

Drafting for Premium

Amerigo will draft for initial premium.

- ▶ If outstanding requirements are not received on a timely basis, or if you request a future effective date, we will draft for the first and second months' premium.
- ▶ If a third month is required, we will call you for approval.
- ▶ Drafting is not available on the 29th, 30th, or 31st of any month.
- ▶ If your client requests a specific draft date, please write it in the Agent Comments section of the application.
- ▶ The draft date and the effective date will always be the same.
- ▶ If no specific draft date is requested, the first draft will be submitted the day the application is approved and issued.
- ▶ Some clients may prefer to write a check for the initial premium and then provide the Bank Draft Authorization form (AF55019) for monthly drafts. If this is the case, please provide a copy of the initial premium check with application if you fax or upload your documents. This will prevent us from drafting for the initial premium.
- ▶ Amerigo will draft from a checking or savings account as follows:
 - Checking accounts – include voided check.
 - Savings accounts – must include a pre-printed deposit slip.
 - Or, complete Amerigo's Bank Draft Authorization form (AF55019) for either type of account.

Please remember to explain the drafting process to your clients when taking an application. This will lead to fewer drafts being returned and fewer complications for you and your client.
